Teachers, Parents, Childcare Providers, Grandparents	Science, Physical Education, Health, Literacy, Music	Face to Face	•	Both	\$1,600/25 parents
Sesame Workshop's Talk, Read, Write	This multi-media workshop provides parents with tools to help preschoolers along the exciting path from listening and speaking - to reading and writing! It includes activities, information and tips for making language and literacy development a fun part of everyday life for children.	Teachers, Parents, Childcare Providers, Grandparents	Literacy	Face to Face	•	Both	\$1,600/25 parents

Eight Educational Outreach Services

Title	Description	Audience	Content Area	Format	Bilingual Materials & Trainer Available	Series /Standalone	Cost
Sid the Science Kid	Find out why Sid the Science Kid is the latest and greatest resource for your future scientists. The "Sid the Science Kid" workshop is designed to further develop children's natural wonder and build a strong foundation for early science exploration. Learn all about encouraging questions and problem-solving on a shoestring budget with resources you have around the house. Online and offline activities motivate children to practice and internalize scientific methodology: "Observe! Compare! Contrast! Describe!" Learn how the Sid website is crafted to support a collaborative learning experience between child and adult and offers features that help adult mentors to support and participate in the child's learning process.	Teachers, Parents, Childcare Providers, Grandparents	STEM, Science, Early Childhood	Face to Face	•	Both	\$1,600/25 parents
Smart use of media	Workshop designed to help adults use media as a way to help a child's development by learning a variety of tips and resources available through PBS.	Teachers, Parents, Childcare Providers, Grandparents	Litreacy, Technology	Face to Face	•	Both	\$1,600/25 parents
Supporting Children with Special Needs using Resources from A Place of our Own/Los Niños en su Casa	This workshop addresses the challenges and rewards of caring for a special needs child in your center or home. Participants will become aware of resources available online and locally to support their work with special needs children. Participants will learn inclusion strategies for special needs children. All children have unique needs, and the needs of special needs children are similar to and different from other children.	Teachers, Parents, Childcare Providers, Grandparents	Early Childhood	Face to Face or Webinar	•		\$1,600/25 parents
What Do You Do with the Mad that You Feel?	The What Do You Do with the Mad that You Feel? training workshop explores anger, where it comes from, and how young children can gradually learn the self-control necessary to manage their anger and channel it into productive activity. It also suggests ways to intervene when children act out or lose control. Developed by Mister Rogers' Neighborhood Child Care Partnership, it features video clips with Fred Rogers and his neighbors, as well as early childhood educators responding to real life situation with children. Mister Rogers' Neighborhood is a PBS KIDS Legacy Program.	Early Childhood Educators & Professionals	Early Childhood, Classroom Management	Face to Face	•	Both	\$1,600/25 parents

Eight Educational Outreach Services

Title	Description	Audience	Content Area	Format	Bilingual Materials & Trainer Available	Series /Standalone	Cost
What's the Word on the Street	This program helps children learn new words by using the Word on the Street materials which include activity sheets, podcasts, and an interactive word game. These materials all encourage children to explore words with all of their senses, encouraging children to jump up and act out words, read stories, make up songs, ask questions, and engage their imaginations. Word cards demonstrate the meanings of 26 different words and the back of each card shows a learning exercise that uses imaginative play and physical activity to get children thinking about the concepts they are learning.	Teachers, Parents, Childcare Providers, Grandparents	Literacy	Face to Face	•	Both	\$1,600/25 parents
Reading Resources on PBS	Workshop focused on the integration of early literacy resources including PBS web resources and on air programming into the classroom.	Educators	Literacy	Face to Face or Webinar	•		\$1,600//25 participants
Antiques Roadshow Primary Sources Workshop for Educators	If you are looking for new ways to get your students excited and engaged in history, geography, the arts and society, and a range of other topics, you've come to the right place. Integrate the study of material culture in a given community or society, the material objects that people make, collect, and use, which give insight into the beliefs and customs held by that community. (artifacts and objects) into your teaching, using objects appraised on ANTIQUES ROADSHOW. Through questions, activities, and other resources, students take a closer look at the "things" people have used throughout history to create history — their own, their communities', and the world's — and gain new insights and a sense of wonder about the people and events of the past, the present, and perhaps the future.	Educators	Social Studies, Technology	Face to Face or Webinar		Both	\$1,600//25 participants
Cyberchase Summer Challenge	A fun math- and STEM-related 8-week kids Cyberchase Summer Challenge. Kids earn points and collect rewards each time they make online games for others to play, do fun hands-on activities, play cybertrivia, and lots more.	Student Summer Session – Professional Development and resources for 25 students	STEM, Math, After School	Face to Face or Webinar			\$1,600//25 participants

Eight Educational Outreach Services

Title	Description	Audience	Content Area	Format	Bilingual Materials & Trainer Available	Series /Standalone	Cost
Invite Martha Speaks Reading Buddies into Your Literacy Program	This professional development and parent component pairs with an 8-week long program hosted within a school or after school program. Kindergarten students are partnered with older elementary school students. Buddies visit with each other once a week to learn special new vocabulary words, play word games, watch a bit of Martha Speaks, read a book together, and then finally write about their experience. Research indicates that when children "buddy" up for learning wonderful things take place for both older and younger students!	Educators & Administrators; Information for Parents	Literacy	Face to Face	•	Both	\$6500 to implement entire comprehensive program - including professional development
Language Arts Resources from PBS!	Workshop focused on the integration of Language Arts resources including PBS web resources and the use of on air programming in the classroom such as The Electric Company.	Educators	Litreacy	Face to Face or Webinar	•	Both	\$1,600//25participants
MISSION US	Mission US is a multimedia project featuring free interactive adventure games set in different eras of U.S. history. The first game, Mission 1: "For Crown or Colony?," puts the player in the shoes of Nat Wheeler, a 14-year-old printer's apprentice in 1770 Boston. As Nat navigates the city and completes tasks, he encounters a spectrum of people living and working there when tensions mount before the Boston Massacre. Ultimately, the player determines Nat's fate by deciding where his loyalties lie.	Educators	Social Studies, Technology	Face to Face or Webinar		Standalone	\$1,600//25participants
