

Customized Professional Development from PBS TeacherLine

ASSET-Eight is the sole distributor of PBS TeacherLine courses and the Peer Connection coaching tool in Arizona.

Districts and schools often have need for a group of educators to have the same learning experience at the same time, or to have all educators engage in professional development experiences that support organizational initiatives. To support our members in these efforts, ASSET-Eight now offers member schools and districts the ability to choose customized course offerings from our course catalog. Members can choose to add relevant district/site specific content to any of the custom professional development course offerings to make the course more focused on district/site goals.
